

## GEO 05 - 400V 3PH

Control board for all GENIUS

400V 3Ph motors,

- Mercury 3Ph,
- Mercury V3Ph,
- Falcon 20 3Ph,
- Industrial Slider

### Technical specifications

Power supply [Vac]	230 V 3ph (+6% -10%) 60 Hz 400 V 3ph+N (+6% -10%) 60 Hz
Max. Motor load [W]	1300 W
Accessories output [mA]	24 Vdc 500 mA max
Operating ambient temperature	-20 C° +55 C°
Indicator lamp power supply	24 V~ [5W max]
Four protective fuses	6,3 A per each phase 1,6 A accessories
Safety timer	255 sec.
Inputs	Open, Partial open, Stop, Closing safety device, Limit-switches
Outputs	Indicator lamp, Blinker, Motor, 24 Vdc accessories power supply
Programming	Automatic, Semi-automatic and manned function logics Two logics for safety devices Selectable pause time from 5cc to 180cc Pre-flashing of 5cc selectable
