

LYNX 453

Technical specifications

Power supply [Vac]	230
Absorbed power [W]	50
Max. Motor load [W]	500
Max. accessories load [mA]	500
Operating ambient temperature	-20°C +50°C
Protective fuses	2
Function logics	Automatic/Step by Step
Opening/closing time [sec]	30 sec. fixed
Pause time [sec]	Adjustable through trimmer (from 2 to 90 sec.)
Thrust force	Adjustable through trimmer
Thrust time [sec]	1 sec. fixed
Reversing time [sec]	2 sec. fixed
Slow-down time [sec]	1 sec. fixed
Terminal board inputs	Open/Closing photocell /Stop/Opening and closing limit-switches / Power supply + earth/Open and close separate input
Quick-fit connector	Genius 5PIN receivers
Rapid connector	Anti-crushing sensor
Terminal board outputs	Accessories 24 Vdc power supply/ /Blinker/Motor
